

15th session of the Human Rights Council
UPR on Spain- 21 September 2010

Presentation by Nneka Thelma Halim

Mr President

La RADDHO notes with satisfaction the efforts taken by Spain to improve the institutional and normative framework aimed at protecting human rights. Spain has ratified these past years most of the instruments relative to human rights. Spain cooperates with the special procedure and is engaged to reach the 0.7% GNP allocated to the Public Development Aid.

In light of the recommendation of the UPR, RADDHO encourages Spain to adopt a strategy of protection and integration of non accompanied immigrant children.

Harmonize the antiterrorist law with human right standards.
Revise the agreement of readmission ratified by African states in order to guaranty the respect of human rights

Create a national commission to fight against racial discrimination..
Define torture in the penal code according to article 1 of Convention against Torture
And finally fight against the violent treatment of women.

Thank you Mr. Chair
