*Promoting and strengthening  
the Universal Periodic Review*  
<http://www.upr-info.org>

## Introduction

### 1. Purpose of the follow-up programme

*The second and subsequent cycles of the review should focus on, inter alia, the implementation of the accepted recommendations and the development of the human rights situation in the State under review.*

A/HRC/RES/16/21, 12 April 2011 (Annex I C § 6)

The Universal Periodic Review (UPR) process takes place every four and half years; however, some recommendations can be implemented immediately. In order to reduce this interval, we have created an update process to evaluate the human rights situation two years after the examination at the UPR.

Broadly speaking, *UPR Info* seeks to ensure the respect of commitments made in the UPR, but also, more specifically, to give stakeholders the opportunity to share their opinion on the commitments. To this end, about two years after the review, *UPR Info* invites States, NGOs, and National Institutions for Human Rights (NHRI) to share their comments on the implementation (or lack thereof) of recommendations adopted at the Human Rights Council (HRC) plenary session.

For this purpose, *UPR Info* publishes a Mid-term Implementation Assessment (MIA) including responses from each stakeholder. The MIA is meant to show how all stakeholders are disposed to follow through on, and implement their commitments. States should implement the recommendations that they have accepted, and civil society should monitor that implementation.

While the follow-up's importance has been highlighted by the HRC, no precise directives regarding the follow-up procedure have been set until now. Therefore, *UPR Info* is willing to share good practices as soon as possible, and to strengthen the collaboration pattern between States and stakeholders. Unless the UPR's follow-up is seriously considered, the UPR mechanism as a whole could be adversely affected.

The methodology used by *UPR Info* to collect data and to calculate index is described at the end of this document.

Geneva, 28 June 2012

## Follow-up Outcomes

### 1. Sources and results

All data are available at the following address:

[http://followup.upr-info.org/index/country/costa\\_rica](http://followup.upr-info.org/index/country/costa_rica)

We invite the reader to consult that webpage since all recommendations, all stakeholders reports, as well as the unedited comments can be found at the same internet address.

6 stakeholders' reports were submitted for the UPR. 5 NGOs were contacted. The Permanent Mission to the UN was contacted. The domestic NHRI was contacted as well.

2 NGOs responded to our enquiry. The State under Review responded to our enquiry. The domestic NHRI did not respond to our enquiry.

*IRI:* 13 recommendations are not implemented, 6 recommendations are partially implemented, and 8 recommendations are fully implemented. No answer was received for 80 out of 108 recommendations (full list of unanswered recommendations is available at the end of this document).

### **3. Feedbacks on recommendations**

## ESC Rights

Recommendation nº28: *Prepare and adopt a national action plan against racism*  
 (Recommended by Canada)

IRI: partially implemented

State of Costa Rica response:

En este momento Costa Rica está trabajando, a través de la Comisión Interinstitucional para el Seguimiento e Implementación de las Obligaciones Internacionales sobre Derechos Humanos, en la elaboración de un Plan Nacional contra el Racismo y la Discriminación Racial. El Plan se entiende como un marco de acción que, una vez aprobado e implementado en cada una de las instituciones, promueva la creación de políticas públicas dirigidas a poblaciones específicas y de esta forma salvaguardar los derechos de los sectores que sufren de algún tipo de discriminación racial.

Mesa Nacional indígena de Costa Rica (MNICR) response:

En el diseño para la preparación del Plan Nacional de Acción contra el Racismo, no es adecuado para el dialogo, la participación y la consulta indígena, por lo que los indígenas no están participando en el mismo.

Recommendation nº35: *Expand access to drinking water to marginalized and vulnerable populations* (Recommended by Republic of Congo)

IRI: not implemented

MNICR response:

Como ya se ha dicho en la inmensa mayoría de comunidades indígenas lo que existe es agua entubada –sin ningún tipo de potabilización - y en aquellas comunidades donde tienen algún tipo de tratamiento, hay problemas con su administración.

Recommendation nº59: *Take appropriate measures to address the disparities in access to safe drinking water and sanitation between the rural and urban areas, paying particular attention to persons belonging to vulnerable and marginalized groups* (Recommended by Malaysia)

IRI: not implemented

MNICR response:

El Estado continúa sin adoptar medidas para superar las desigualdades que existen en el acceso al agua potable y el saneamiento entre las zonas no indígenas y las comunidades indígenas. En la inmensa mayoría de comunidades indígenas lo que existe es agua entubada –sin ningún tipo de potabilización- y en aquellas

comunidades donde tienen algún tipo de tratamiento, hay problemas con su administración.

El recurso agua se encuentra en los bosques de los Pueblos Indígenas, y sobre el mismo existe gran presión por parte el Poder Ejecutivo, las Municipalidades y la entidad estatal Acueductos y Alcantarillados (AyA). Ya se existen casos, como el de la ciudad de Buenos Aires, Provincia de Puntarenas, donde el agua se tomó del Territorio Indígena de Ujarrás, a la ciudad se le proporciona agua potable, mientras que el servicio del territorio no es de la misma calidad.

**Recommendation nº60:** *Take forward the concept of environmental rights at the Human Rights Council, bearing in mind Costa Rica's historic leadership on this issue* (Recommended by Maldives)

IRI: *fully implemented*

**State of Costa Rica response:**

Costa Rica es parte del grupo en el Consejo de Derechos Humanos que promueve las resoluciones sobre Derechos Humanos y Medio Ambiente. La resolución que se ha negociado en el marco de la XIX sesión del Consejo crea el mandato de experto independiente sobre las obligaciones de Derechos Humanos relacionadas con el disfrute de un ambiente seguro, limpio, saludable y sostenible.

**Recommendation nº84:** *Amend its criminal legislation so as to bring it into line with ICERD in order to overcome the fact that racial discrimination is viewed as a minor infraction punishable by a fine, as stated by the Committee on the Elimination of Racial Discrimination and the Committee on Economic, Social and Cultural Rights* (Recommended by Portugal)

IRI: *not implemented*

**MNICR response:**

Al momento de escribir este informe no existe iniciativa alguna para la reforma legal que tipifique la discriminación como un delito.

**Recommendation nº101:** *Design and implement its action plan for strengthening legal and institutional frameworks to combat racism and racial discrimination, ensuring that all legal provisions are fully applied, that racism and racial discrimination are actively monitored and that training is carried out for all relevant authorities to provide equal access to legal redress for all victims of crime* (Recommended by United Kingdom)

IRI: *partially implemented*

**State of Costa Rica response:**

En este momento Costa Rica está trabajando, a través de la Comisión Interinstitucional para el Seguimiento e Implementación de las Obligaciones Internacionales sobre Derechos Humanos, en la elaboración de un Plan Nacional contra el Racismo y la Discriminación Racial. El Plan se entiende como un marco de acción que, una vez aprobado e implementado en cada una de las instituciones, promueva la creación de políticas públicas dirigidas a poblaciones específicas y de esta forma salvaguardar los derechos de los sectores que sufren de algún tipo de discriminación racial.

MNICR response:

Para la elaborar y aplicar un plan de acción para el fortalecimiento del marco jurídico e institucional de lucha contra el racismo y la discriminación racial, la Comisión Interinstitucional para el Seguimiento e Implementación de las Obligaciones Internacionales de Derechos Humanos, del Ministerio de Relaciones Exteriores y Culto, se apoya en una consultoría que tiene la misión de delimitar cuales deben de ser las pautas a tomar en cuenta en la elaboración del Plan Nacional de Acción.

La Comisión Interinstitucional desde un principio no hizo un diseño adecuado de participación y consulta para la construcción de un plan que vele por la aplicación de los derechos indígenas. Tampoco hizo esfuerzos para, atender las preocupaciones que se le manifestaron sobre la forma en que definirían las pautas a tomar en cuenta en el plan que nos ocupa, ya que por lo menos en el caso de los Pueblos Indígenas los procedimientos son diferentes; hacer las correcciones respectivas, pese a que organizaciones indígenas le hicieron las prevenciones correspondientes; y establecer un diálogo directo entre los Pueblos Indígenas y la Cancillería.

## Indigenous & Minorities

**Recommendation nº3: Pursue its efforts to ensure the right to an adequate standard of living for vulnerable groups (Recommended by Algeria)**

**IRI: not implemented**

MNICR response:

En la actual administración del gobierno del Estado de Costa Rica, no se han hecho esfuerzos para garantizar los derechos de los pueblos indígenas. El proyecto de Ley de Desarrollo Autónomo de los Pueblos Indígenas, después de casi 18 años de gestión indígena continúa en un impasse en la Asamblea Legislativa. En los dos períodos de sesiones extraordinarios por año, cuando el Poder Ejecutivo tiene la potestad de determinar la agenda del Poder Legislativo, el referido proyecto no ha sido convocado pese a petición indígena y de personas y organizaciones de sociedad civil.

**Recommendation nº20: Continue efforts to fight against impunity and human rights violations, with special attention to the rights of indigenous populations, those of African descent, women and HIV-AIDS carriers, as well as to combat all forms of discrimination (Recommended by Brazil)**

**IRI: not implemented**

MNICR response:

Desde el 2009 a la fecha, no se han realizado acciones para prevenir las violaciones a los derechos de los Pueblos Indígenas. Por el contrario, están se han profundizado producto de la inacción del Estado en la tenencia ilegal de la tierra por no indígenas, las iniciativas gubernamentales y de las empresas transnacionales de megaproyectos, minería, petróleo y gas natural entre otros.

**Recommendation nº43:** *Increase its efforts in favour of indigenous populations to ensure the satisfaction of their basic needs water, health, education and to combat social exclusion affecting them (Recommended by France)*

**IRI: not implemented**

**State of Costa Rica response:**

Estas recomendaciones se están incorporando dentro de los parámetros y criterios que debe incluir el Plan Nacional contra el Racismo y la Discriminación Racial.

**MNICR response:**

El Estado costarricense sencillamente no redobla esfuerzos en favor de los Pueblos Indígenas, porque no tiene voluntad de aplicar correctamente los derechos establecidos en la jurisprudencia nacional e internacional, y continúa presionando para integrar a los indígenas al desarrollo económico, en perjuicio de sus culturas.

**Recommendation nº48:** *Take further measures to address the disparity in wages between men and women and continue to allocate sufficient funds to increase the availability of social housing for indigenous people, those of African descent and migrants, in line with the concerns raised by the Committee on Economic, Social and Cultural Rights and the United Nations country team (Recommended by Ghana)*

**IRI: not implemented**

**State of Costa Rica response:**

Estas recomendaciones se están incorporando dentro de los parámetros y criterios que debe incluir el Plan Nacional contra el Racismo y la Discriminación Racial.

**MNICR response:**

En cuando ha vivienda si bien se nota una continuación de bonos de vivienda para indígenas, hay preocupaciones en cuanto a la pertinencia cultural de los diseños, la entrega de bonos a no indígenas en las comunidades indígenas, lo que se agrava la situación de la tierra, y cantidad insuficiente de bonos otorgados.

En el país hay una presencia permanente e importante de indígenas miskitos, dedicados a mayoritariamente al trabajo en la construcción. Durante 6 o 7 meses en Costa Rica hay masiva presencia de indígenas Ngäbe Buqué en las zonas especialmente cafetaleras, que migran internamente o que vienen de la República de Panamá.

En el país no existe una política de atención en vivienda, salud, trabajo digno y salario justo para los indígenas migrantes.

**Recommendation nº78:** *Include in its debates, within the framework of the legislative review process, indigenous participation as a democratizing principle for civic participation at all levels, municipal, legislative and executive (Recommended by Panama)*

**IRI: not implemented**

**MNICR response:**

En este punto se hace evidente la falta de voluntad del Estado costarricense, siendo el caso más emblemático el Proyecto de Ley de Desarrollo Autónomo de los Pueblos Indígenas, con casi 18 años de transitar los pasillos del Poder Legislativo.

Otro caso que muestra la falta de voluntad es, para la apertura de la Oficina de Pueblos Indígenas de la Asamblea Legislativa, procedimiento que ya cuenta con el correspondiente renglón presupuestario con una plaza de Profesional 1, la aplicación de personas indígenas que están optando al cargo, así como el dictamen de la respectiva instancia de ese poder del estado. Situación que se da por cambio en el Directorio de la Asamblea Legislativa y pese a la petición indígena y del Presidente de periodo anterior.

**Recommendation nº83:** *Redouble efforts so that positive results in the area of economic, social and cultural rights reach the most vulnerable populations on an equal footing, in particular minorities, indigenous and African-descended peoples and rural populations (Recommended by Peru)*

**IRI: not implemented**

**State of Costa Rica response:**

Estas recomendaciones se están incorporando dentro de los parámetros y criterios que debe incluir el Plan Nacional contra el Racismo y la Discriminación Racial.

**MNICR response:**

En el periodo de este informe, no se han realizado acciones para que los indígenas se encaminen a la igualdad de condiciones en observancia a la legislación nacional e internacional en materia de derechos indígenas.

En estos dos años, el Estado no ha hecho el mínimo esfuerzo para aproximarse a esta conclusión y/o recomendación, más bien ha congelado el trámite del Proyecto de Ley de Desarrollo Autónomo de los Pueblos Indígenas (con casi 18 años de trámite en la Asamblea Legislativa). Con la aprobación de este proyecto se avanzaría significativamente en las condiciones de igualdad que se mencionan.

El proyecto de ley referido, contiene:

Capítulo I: Autonomía de los Pueblos Indígenas

Capítulo II: Desarrollo Sostenible, Propiedad y Tenencia de la Tierra en los Territorios Indígenas

Capítulo III: Medicina Natural y Servicios de Salud

Capítulo IV: Educación Pluricultural

Capítulo V: Vivienda, Caminos y Medio Ambiente en Territorios Indígenas Capítulo

VI: Fondo Nacional de Desarrollo Indígena y su Sistema de Crédito

Capítulo VII: Asamblea de la Comunidad Indígena del Territorio

Capítulo VIII: Comité Electoral

Capítulo IX: Consejos Indígenas Territoriales

Capítulo X: De los Congresos Nacionales Indígenas

Capítulo XI: Derecho Consuetudinario Indígena

Capítulo XII: Asuntos Internacionales

Capítulo XIII: Disposiciones Generales

Capítulo XIV: Disposiciones Transitorias

## International Instruments

**Recommendation nº73:** *Establish an effective and inclusive process to follow-up to the recommendations emerging from the universal periodic review* (Recommended by Norway)

IRI: *fully implemented*

**State of Costa Rica response:**

Costa Rica ha implementado recientemente una Comisión Interinstitucional para el Seguimiento e Implementación de las Obligaciones Internacionales sobre Derechos Humanos con el fin de lograr una articulación de todos los actores nacionales con respecto a las recomendaciones a nivel internacional sobre esta materia específica. Dicha Comisión fue creada mediante Decreto Ejecutivo 36776-RE y publicada en el Diario Oficial La Gaceta el 30 de setiembre del 2011. La coordinación y dirección de la Comisión está a cargo del Ministerio de Relaciones Exteriores y Culto, y la conforman representantes de las distintas instituciones públicas y entes autónomos que tienen competencia en materia de Derechos Humanos.

Uno de los principales objetivos que ostenta esta Comisión es la de promover la cooperación entre el Estado y la sociedad civil para fortalecer la promoción y el respeto de los compromisos que el país ha adquirido en esta materia. Para alcanzar este objetivo se ha establecido una entidad permanente de consulta constituida por miembros de la sociedad civil, fomentando de esta forma la participación activa de todos los actores de la sociedad. Aunado a esto La Comisión cuenta con un Comité Asesor integrado por instituciones y expertos independientes relacionados con la materia de derechos humanos que según el tema son invitados a participar para apoyar en las discusiones de la Comisión. Hay que recalcar que la Comisión está activa en este momento y tiene como primer punto de la agenda la elaboración del Plan Nacional contra el Racismo y la Discriminación Racial.

**Recommendation nº75:** *Finalize the fifth and sixth due reports to the Committee on the Elimination of Discrimination against Women, without further delay* (Recommended by Norway)

IRI: *fully implemented*

Costa Rica tuvo su diálogo sobre los informes periódicos quinto y sexto con el Comité para la Eliminación de la Discriminación contra la Mujer en julio de 2011.

**Recommendation nº79:** *Ratify or sign, as relevant, the International Convention for the Protection of All Persons from Enforced Disappearance CED, with a view to being consistent with its practice on this matter* (Recommended by Paraguay)

Recommendation nº81: *Ratify or sign, as relevant, the Optional Protocol to the International Covenant on Economic, Social and Cultural Rights with a view to being consistent with its practice on this matter* (Recommended by Paraguay)

IRI: *fully implemented*

State of Costa Rica response:

Costa Rica firmó el Protocolo Facultativo del PIDESC el 28 de abril de 2011 y actualmente el instrumento ya ha sido presentado a la Asamblea Legislativa para su ratificación.

Recommendation nº82: *Consider including in its criminal legislation the delinquent conducts provided for in relevant paragraphs of article 4 of the International Convention on the Elimination of All Forms of Racial Discrimination ICERD, in line with the recommendations of the Committee on the Elimination of Racial Discrimination* (Recommended by Peru)

IRI: *not implemented*

MNICR response:

Al momento de escribir este informe no existe iniciativa alguna para la reforma legal que tipifique la discriminación como un delito.

## Sexual Rights

Recommendation nº10: *Undertake an awareness-raising campaign to address discrimination against homosexuals and transgender persons* (Recommended by Austria)

IRI: *not implemented*

Centro de Investigación y Promoción para América Central de Derechos Humanos (CIPACDH) response:

Los esfuerzos que se han realizado para sensibilizar a la población general en relación a la diversidad sexual han surgido de la sociedad civil con el apoyo de donantes internacionales o agencias de las propias Naciones Unidas. El Estado ha accedido a abrir algunos pocos espacios para sensibilizar a sus funcionarios, sin embargo no cuenta con un programa propio ni con recursos asignados para tal efecto. Las universidades estatales se han declarado espacios libres de discriminación en forma paulatina motivadas por el impulso, apoyo y presión de la sociedad civil. La Presidenta de Costa Rica ha dicho en medios de comunicación que las necesidades de las poblaciones sexualmente diversas no son temas de prioridad para la presente administración.

Recommendation nº44: *Join the 67 States that have signed the joint statement on human rights, sexual orientation and gender identity* (Recommended by France)

IRI: *not implemented*

CIPACDH response:

Costa Rica no ha firmado la declaración conjunta según información recibida por la Cancillería costarricense, nuevamente, para esta administración "no es de prioridad"

los temas relacionados a poblaciones gai, lesbianas, bisexuales y de personas transgénero.

**Recommendation nº45: Pursue its efforts in favour of gays, lesbians and transsexuals (Recommended by France)**

IRI: *partially implemented*

**CIPACDH response:**

Se han logrado avances a favor de los colectivos LGBTI en Costa Rica, sin embargo, pocos de ellos son de iniciativa estatal, por ejemplo: Tres universidades se han declarado espacios libre de discriminación (iniciativa universitaria y de sociedad civil), se ha aprobado la visita íntima a privados/as de libertad por personas de su mismo sexo (acción de inconstitucionalidad de Defensoría Pública), se ha autorizado a las personas trans a salir con apariencia femenina en la fotografía del documento de identificación nacional (gestión privada ante el Tribunal Supremo de Elecciones). De la misma forma ya desde el 2008 en otra administración se había firmado el decreto del Día Nacional Contra la Homofobia, ese decreto es el único instrumento que estamos utilizando para forzar y obligar a las instancias públicas a generar acciones contra la homofobia, lesbofobia y transfobia, de lo contrario esta administración no sentiría ninguna obligación para generar estas acciones.

**Recommendation nº94: Bearing in mind the protective and advanced nature of the legislation against discrimination, intensify measures intended to protect free sexual orientation and sexual identity through specific educational initiatives and awareness-raising for all society, to facilitate documentation for transsexual people in line with their identity and to guarantee access to public services without discrimination (Recommended by Spain)**

IRI: -

**CIPACDH response:**

Actualmente hay 3 proyectos de ley en la Asamblea Legislativa para el reconocimiento de uniones entre personas del mismo sexo, un proyecto de ley para la eliminación de la discriminación, otro proyecto de ley para modificar la ley general de VIH. Se han presentado por lo menos cinco acciones de inconstitucionalidad en busca del reconocimiento de derechos, como el de uniones y de aseguramiento indirecto, todas con resultados negativos. Reconocemos que se ha logrado la autorización de la visita íntima a privados/as de libertad por parte de personas de su mismo sexo, sin embargo, la situación de la protección legal de los colectivos LGBTI en Costa Rica no ha avanzado significativamente contra la discriminación, ni en el reconocimiento de derechos fundamentales como uniones y los beneficios a partir del reconocimiento de este. Dentro de los temas que no se habla en Costa Rica, se encuentran, crímenes de odio motivados por la orientación sexual o la identidad de género, la violaciones sexuales a mujeres lesbianas y por supuesto el tema de reconocimiento de parejas. Las diferentes iglesias, entre ellas la iglesia católica, como país católico por ley según Constitución Política de Costa Rica, art 75, la Iglesia cuenta con un poder político muy relevante, algunas decisiones de derechos humanos, educación, salud entre otros, son discutidos con los representantes de la iglesia católica.

IRI: *fully implemented*

+

Recommendation nº76: *Intensify its efforts to realize gender equality, including by implementing the recommendation made by the Committee on the Elimination of Discrimination against Women in 2003 aimed at changing social stereotypes that encourage discrimination against women and impede their egalitarian performance in society* (Recommended by Norway)

IRI: *partially implemented*

+

Recommendation nº90: *Intensify its efforts to counter discrimination against women based on whatever grounds* (Recommended by Slovakia)

IRI: *partially implemented*

### State of Costa Rica response:

En 2009 se dio una importante reforma al Código Electoral, que consiste en que todas las delegaciones, las nóminas y demás órganos pares deben estar integrados por un 50% de mujeres y un 50% de hombres, con lo cual se logra un cambio en el paradigma electoral. Además, se dio en 2010 la aprobación de la ley 8901 paridad en juntas directivas, asociaciones, sindicatos y asociaciones solidaristas. Se cuenta con el Sistema de Gestión Laboral en Igualdad y Equidad de Género y con el Sello de Equidad que identifica las buenas prácticas en materia de promoción de igualdad de género.

También se ha dado la reforma del Código de Trabajo en lo relativo a la protección laboral de las trabajadoras domésticas y la equiparación de los derechos y condiciones laborales con las demás personas trabajadoras (2009).

Desde el 14 de noviembre de 2011 se ha venido llevando adelante una campaña de sensibilización para enfrentar estereotipos sociales que se ha denominado “Sumate, es tiempo de igualdad”. La campaña busca educar a los diferentes sectores sociales sobre los derechos humanos de las mujeres.

Recommendation nº9: *Increase efforts to provide effective assistance to women and girls who are victims of violence, in particular through the provision of safe places and psychological support* (Recommended by Austria)

IRI: *fully implemented*

### State of Costa Rica response:

El Instituto Nacional de la Mujer está trabajando en una Estrategia de Redes para el abordaje de la violencia intrafamiliar. La misión de esta iniciativa es la de construir y consolidar un espacio de coordinación intersectorial, interinstitucional y de la sociedad civil, para el desarrollo de políticas locales de prevención, detección y atención de la violencia intrafamiliar.

Igualmente, con el Plan Nacional de Atención y Prevención de la Violencia contra las Mujeres (PLANVO) se han desarrollado acciones concretas para garantizar una asistencia efectiva a las mujeres víctimas de violencia.

Cabe mencionar que existen los Centros Especializados de Atención y de Albergue Temporal para Mujeres Afectadas por la Violencia Intrafamiliar, sus Hijos e Hijas (CEAAM). El INAMU cuenta con albergues ubicados en diferentes partes del país, en los cuales las mujeres agredidas con sus hijas e hijos, pueden encontrar refugio y apoyo por determinado tiempo, que les posibiliten la construcción de una vida sin violencia. Adicionalmente, existe la Delegación de la Mujer que es una instancia (del INAMU) especializada en brindar atención a mujeres víctimas de violencia intrafamiliar. Las mujeres afectadas pueden consultar con abogadas, psicólogas y trabajadoras sociales, para recibir el apoyo y la orientación necesarias para enfrentar su caso.

**Recommendation nº29:** *Take steps to integrate a gender perspective throughout all areas of government, including through the application of gender-based analysis to the development of legislation, policy and programmes (Recommended by Canada)*

IRI: partially implemented

**State of Costa Rica response:**

Costa Rica, en su afán de incorporar una conciencia colectiva en cuanto a la equidad de género, ha implementado en las instituciones estatales una serie de iniciativas no solo para asegurar el respeto y el cumplimiento de estas obligaciones sino para la construcción de una sociedad con principios tácitos de igualdad de género. Como ejemplo de esto se puede mencionar la creación y sostenimiento de la Política Nacional de Igualdad y Equidad de Género la cual cuenta con el concurso y la voluntad política de los cuatro poderes de la República, las organizaciones de mujeres y diversos sectores de la sociedad civil y el auspicio del Fondo de Población de las Naciones Unidas (UNFPA). Se ha aprobado la política de igualdad y equidad de género del Tribunal Supremo de Elecciones (TSE) e igualmente en el caso de la Caja Costarricense de Seguro Social (CCSS).

**Recommendation nº49:** *Take measures to ensure equitable access of indigenous children, migrant children and those living in rural areas to education and health services and improve their standard of living (Recommended by Ghana)*

IRI: not implemented

**State of Costa Rica response:**

Estas recomendaciones se están incorporando dentro de los parámetros y criterios que debe incluir el Plan Nacional contra el Racismo y la Discriminación Racial.

**MNICR response:**

En Costa Rica no hay una educación intercultural para nacionales, en ningún nivel (índigenas y no indígenas), y menos para migrantes. Tampoco se observan acciones en esa dirección.

**Recommendation nº93:** *Bearing in mind Costa Rica's commitment to gender equality, seek to overcome all obstacles that impede the effective implementation of the Law*

*to Penalize Violence against Women and guarantee the free exercise of effective judicial protection for the victims of domestic violence, including the right to reparations (Recommended by Spain)*

IRI: *fully implemented*

#### State of Costa Rica response:

Costa Rica ha modificado y aprobado el ajuste de la Ley de Penalización de la Violencia contra las Mujeres por medio de la reforma legislativa. A esta ley se le adicionaron los artículos 22 y 25, los cuales son de vital importancia ya que tipifican como delitos el maltrato y las ofensas. (Entre las cuestiones que son penalizadas cabe resaltar las siguientes: prisión de tres meses a un año a quien maltrate a una mujer con quien mantenga una relación de matrimonio o de unión de hecho sin que la incapacite para sus ocupaciones habituales, si el daño físico ocasiona una incapacidad menor de 5 días, tendrá una pena de seis meses a un año, si ocasiona una incapacidad mayor de 5 días y hasta un mes, la pena de prisión será de 8 meses a un 1 año. Pero cuando, producto del maltrato, resultare una incapacidad mayor de un 1 mes deberá aplicarse las sanciones establecidas en el Código Penal para el delito de lesiones).

Sumado a esta iniciativa vale la pena mencionar la aprobación de la Ley 8925 (2011) que modifica la Ley contra la Violencia Doméstica. Esta Ley crea un registro interno de agresores a cargo del Poder Judicial, amplía el plazo inicial de las medidas de protección de seis meses a un año, evitando gestiones por parte de la víctima, se fortalece el acceso a la justicia de las víctimas mediante el acompañamiento, asesoramiento, coadyuvancias y permite que las autoridades penales apliquen las medidas en ausencia de los juzgados de violencia doméstica especializados.

Existe además el “Sistema Unificado de Medición Estadística de la Violencia de Género en Costa Rica” se propuso como objetivo general “definir, construir y mantener un sistema de información a partir de la homologación de registros y la construcción de indicadores claves y consensuados que permita mostrar la dimensión de la violencia de género”. Sus objetivos específicos son los siguientes:

- Conocer la realidad de las situaciones de violencia contra las mujeres desde el momento en que son reportadas a través del sistema de emergencias 9-1-1 hasta que llegan al sistema de justicia y su evolución con el fin de analizar los cambios registrados.
- Brindar información que permita formular propuestas tendientes a promover mejoras en la lucha contra la violencia contra las mujeres.
- Crear capacidades e instrumentos que auxilien a las funcionarias y los funcionarios públicos tomadores de decisiones en la administración de justicia en la formulación de políticas públicas en materia de violencia de género contra las mujeres.

## Methodology

### A. First contact

Although the methodology has to consider the specificities of each country, we applied the same procedure for data collection about all States:

1. We contacted the Permanent Mission to the UN either in Geneva (when it does exist) or New York;
2. We contacted all NGOs which took part in the process. Whenever NGOs were part of coalitions, each NGO was individually contacted;
3. The National Institution for Human Rights was contacted whenever one existed.

We posted our requests to the States and NHRI, and sent emails to NGOs.

The purpose of the UPR is to discuss issues and share concrete suggestions to improve human rights on the ground. Therefore, stakeholders whose objective is not to improve the human rights situation were not contacted, and those stakeholders' submissions were not taken into account.

However, since the UPR is meant to be a process which aims at sharing best practices among States and stakeholders, we take into account positive feedbacks from the latter.

### B. Processing the recommendations

The persons we contact are encouraged to use an Excel sheet we provide which includes all recommendations received by the State reviewed.

Each submission is processed, whether the stakeholder has or has not used the Excel sheet. In the latter case, the submission is split up among recommendations we think it belongs to. Since such a task is more prone to misinterpretation, we strongly encourage stakeholders to use the Excel sheet.

If the stakeholder does not clearly mention neither that the recommendation was "fully implemented" nor that it was "not implemented", UPR Info usually considers the recommendation as "partially implemented", unless the implementation level is obvious.

UPR Info retains the right to edit comments that are considered not to directly address the recommendation in question, when comments are too lengthy or when comments are defamatory or inappropriate. While we do not mention the

recommendations which were not addressed, they can be accessed unedited on the follow-up webpage.

### C. Implementation Recommendation Index (IRI)

*UPR Info* developed an index showing the implementation level achieved by the State for the recommendations received at the UPR.

The **Implementation Recommendation Index (IRI)** is an individual recommendation index. Its purpose is to show an average of stakeholders' responses.

The *IRI* is meant to take into account stakeholders disputing the implementation of a recommendation. Whenever a stakeholder claims nothing has been implemented at all, the index score is 0. At the opposite, whenever a stakeholder claims a recommendation has been fully implemented, the *IRI* score is 1.

An average is calculated to fully reflect the many sources of information. If the State under Review claims that the recommendation has been fully implemented, and a stakeholder says it has been partially implemented, the score is 0.75.

Then the score is transformed into an implementation level, according to the table below:

Percentage:	Implementation level:
0 – 0.32	Not implemented
0.33 – 0.65	Partially implemented
