Joint submission by CSW (Christian Solidarity Worldwide) and CSW-Nigeria

CSW (Christian Solidarity Worldwide) is an advocacy organisation specialising in freedom of religion or belief (FoRB), and works on over 20 countries across Asia, Africa, the Middle East and Latin America. CSW has over three decades of experience in advocating for FoRB. Through in depth research, CSW gathers evidence of violations of FoRB, raises awareness, and calls on nations to uphold this right in accordance with international and national or constitutional obligations.

CSW-Nigeria is an organisation working to assist victims of violence in Nigeria. As well as carefully documenting FoRB violations, it gives emotional support to traumatised victims and provides them with medical treatment, clothing and other emergency supplies.
